**Subject:** REGION 5 - ERB ERNS REPORT – 15Jan14 – 16JAN14

## **Responders:**

### **Current Status (7:23 AM CST on 1/16/2014)**

#### **Personnel**

<b>R1:</b>	Lall/Nightingale	<b>Outposted OSC's</b>	
<b>R2:</b>	Benning	Lam	Available
<b>R3:</b>	Thomas	Cincinnati, OH/Renninger	Available
<b>R4:</b>	Sewell	Green Bay, WI/Halbur (Clayton)	Available
<b>Tel Duty:</b>	Mendoza	Indianapolis, IN/Lam	Available
		Marion, IL/Turner	Available
		St. Paul, MN/Vega	Available
		Traverse City, MI/Dollhopf	Available

## **Spill Summaries:**

### **Reported Activities (1/15/2014 7:00:00 AM CST - 1/16/2014 7:23:00 AM CST)**

#### **Spill Notifications**

State	Oil	Haz	Rad	Other
IL	1	0	0	0
IN	0	1	0	1
MI	1	1	0	1
MN	0	0	0	0
OH	0	1	0	1

WI	1	0	0	0		
Total	3	3	0	3	=	9

**Significant Incidents:**

**MCHM Spill Update (Ohio River) :** On Jan 15, EPA Region 5 participated in conference call with Regions 3, 4, and ORSANCO with respect to the MCHM spill impacting the Ohio River (Originated from **Charleston West Virginia Chemical Leak**). EPA Region 5 will participate in a Unified Command with Region 4, ERT, and KYDEP in a Command Post located at the ORSANCO office in Cincinnati, OH. Focus will be information gathering, situational awareness, and data management. (S. Renninger, OSC)

**HAZMAT Fire Livonia, Michigan NRC# 1071195:** OSC Kelly mobilized EPA START to provide air and water monitoring to assist and coordinate with local and state authorities in response to a fire at Environmental Recycling Group in Livonia, Michigan (suburb of Detroit). The facility is a waste-recycling and transfer business. The building involved in the fire contained approximately 200 drums and several thousand items of household hazardous waste. EPA is also participating in incident action briefings. Some fire run-off water may have reached the Rouge River (tributary of the Detroit River). An off-site lift station has been shutdown preventing further run-off. Air monitoring has not detected any off-site impact.
